RE: Blauer ArmorSkin™ with Accushape™ QCSquared 3-A Comfort Fit Armor

Mr. Ames:

This letter is to confirm that the ArmorSkin™ vest carrier cover manufactured by Blauer Manufacturing Co. Inc. is approved for use with the Accushape™ Inc. NIJ Certified QCSquared 3-A Comfort Fit™ armor panels.

Accushape™ QCSquared 3-A warranty is eight (8) years as shown on the CPL.

Accushape™ Inc. will support the warranty of QCSquared 3-A ballistic panels when used with the Blauer ArmorSkin™ uniform shirt carriers under the following conditions:

- QCSquared 3-A is in its original carrier and placed in the ArmorSkin™ as per Blauer's instructions.
- QCSquared 3-A carrier hook and loop shoulder straps and side torso straps must be used and connected to maintain proper support and suspension of the ballistic panels.
- Strike Face label must be in proper orientation to the body.
- Accushape™ will not be responsible for sizing and labeling nor for any areas of the ArmorSkin™ where there is no ballistics coverage.

We look forward to a successful partnership with Blauer in servicing the law enforcement community's armor needs.

Respectfully,

Robert Lee President Accushape™ Inc.

RE: Use of Safariland Ballistic Panels with the Blauer ArmorSkin™ Carrier Cover

Dear Mr. Ames

As specified in our Body Armor Warranty, our ballistic panels are warranted for a period of sixty (60) months (see Body Armor Warranty for details). Consistent with the terms of the warranty, Safariland will continue to support the warranty of ABA and Second Chance ballistic panels and concealable carriers when used in conjunction with the Blauer ArmorSkin™ vest carrier cover subject to the following conditions.

- ABA and Second Chance panels must remain in their original carriers from the factory when inserted into the ArmorSkin™ vest carrier cover.
- The front and rear panels of the carriers must be fastened together with the Velcro straps and connected inside of the shoulder area of the ArmorSkin™ vest carrier cover in order to suspend the front and back ballistic panels in the proper orientation.

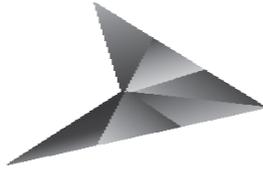

Please be advised that proper orientation is integral to the performance of the ballistic panels. Also, ballistic panels offer protection to only those areas that cover the body. As such, Safariland will not be responsible for the sizing or labeling of the ArmorSkin™ product or for the proper integration of the ballistic panels or concealable carrier with the ArmorSkin™ vest carrier cover.

We truly appreciate your selection of the Safariland product and commitment to quality products for service to the law enforcement community. If you have any questions, please contact me at 909-930-8093 or tim.obrien@safariland.com.

Re: Listing Our Company Name as Approved for use with Blauer Armor Skin ®

Dear Tom,

After manufacturing one of our units and installing it into your Armor Skin uniform shirt cover, we found the function to be superb with no conflicts with our product.

We offer only the Evolution™ Carrier System with the following ballistic systems:

QC2 3-A
Quantum KXP 3-A
QC Force Factor 3A
GTX-K-3-A

We approve the use of our carrier and any of the aforementioned ballistic systems with Blauer's Armor Skin ® covers, and would like to be included on your Micro-site with other manufacturer's that approve the use of their armor with your Armor Skin ® product.

Sincerely,

Allan D. Bain
